

Holy Baptism IV

So, what does it mean to be baptized? The short answer is that it makes us new people. We are born again by water and the Word. Now, this new life is one that wants to do what's right. But we still have the sin nature, or the Old Adam that wants to do what's wrong. So, as the **Catechism** says: every day, through sorrow and repentance, we put to death the Old Adam, so the new man can rise and live a good life before God.

Prayer:

Lord, help us to remember our Baptism and daily put our sin nature to death so we can live for You. Amen.
